Fostering collaborations between MIT-connected startups and corporates is part of MIT Startup Exchange mission. This panel features two successful collaborations that Startup Exchange and ILP helped form with startups and ILP corporate members. Panelists will talk about the different types of engagement, how they took shape, and what’s next as they keep progressing.

Networking Break & Startup Exhibit

Myths About Entrepreneurship

William Aulet  
Ethernet Inventors Professor of the Practice, MIT Sloan School of Management and  
Managing Director of the Martin Trust Center for MIT Entrepreneurship  
Martin Trust Center for MIT Entrepreneurs

Entrepreneurship in the last decade has undergone a profound transformation, adapting to  
the rapid technological advancements and evolving market demands. To meet these new  
challenges, there's a pressing need for robust and adaptable standards in entrepreneurship  
education that ensure future entrepreneurs are well-equipped. In this session, we will debunk  
common myths and misconceptions surrounding entrepreneurship, shedding light on the  
realities of starting and running a successful business in today’s world.

Investing in Science Based Startups

Katie Rae  
CEO and Managing Partner, The Engine Ventures  
The Engine

Carmichael Roberts  
Business Lead, Investment Committee, Breakthrough Energy Ventures and Co-Founder,  
Material Impact  
Material Impact

In this fireside chat speakers will talk about taking science based startups to market. The  
potential these ventures have to transform sectors and the challenges they face as they  
invest early on.

Wrap-Up

Catarina Madeira  
Director, MIT Startup Exchange
